Waterloo Utilities

PEOPLE YOU KNOW. SERVICE YOU TRUST.

CUSTOMERS OF WATERLOO WATER & LIGHT COMMISSION

Waterloo Water & Light Commission has filed an application with the Public Service Commission of Wisconsin (PSC) to increase electric rates. The adjustment is necessary to cover increased operation and maintenance expenses that will allow the utility to continue providing reliable and quality service to our customers. The last electric rate increase was approved in July 2010.

The utility is requesting an overall increase of 2.37%, or $105,699. The final impact of the rate increase upon individual customers will not be definitely known until the PSC issues an order; however, under the proposed rate structure, based on an average usage of 705 kilowatt-hours (kWh), the typical residential customer's monthly bill would increase from $81.26 per month to $85.39 per month, an increase of $4.13.

The PSC will conduct a public hearing at locations in Waterloo and Madison. A notice of the hearing will be published after a date has been set. For more information, please contact the PSC at (608) 266-5481 and refer to the Waterloo Water & Light Commission electric rate application under Docket 6220-ER-105.
