WATERLOO FIRE & RESCUE
900 INDUSTRIAL LANE
WATERLOO, WISCONSIN 53594

Tuesday January 2nd, 2019

On Monday December 10th, 2018 we had our monthly EMS training. There were three parts to training. The first part was our quarterlies which consisted of airway placement, vitals, interavenous and intraosseous, medications, airway treatments and lung sounds. The second part was on radio communications in Rescue 14 where we got an update and some radio channels were changed. The third part was our Medical Director Dr. Foster giving a lecture on cold emergencies. He went over the different levels of Hypothermia and what we are expected to complete for the patient. He also went over the levels of frost bite, what we need to watch for and how to treat properly.

On Monday December 17th, 2018 we had our monthly Fire training. We went to the Crave Brothers farm for a tour. We were shown around all the buildings and what type of hazards they would have if there was ever a fire. We also completed a pre-plan from this tour.

Sincerely,

Chief Vern Butzine

Subject: Freightliner Bid

Chad,

Attached is the spec and pricing for a new 2020 Freightliner 108SD. I went with the 370hp 1250ft/lb. engine so you will have plenty of power. Especially if you decide to add a wing to the truck later. Otherwise it is almost exactly like the other 108SD's you have.

This is priced out as a 2020 model but if you can order this within the next couple of weeks, we can take \$750 off the price and it would be a 2019 model. And we can deliver it late 4th quarter.

Let me know if you have any other changes in mind.

Thanks again for the opportunity to quote!
