Jim Rhyner asked, from where would replacement dollars for waived fee revenue come? He said the waiver meant city taxpayers were covering expenses that non-city school district taxpayers otherwise would be contributing to. Petts asked if the School District had budgeted for expenses properly. Stinnett said District expenses for traffic control improvements roughly equaled the waiver amount. MOTION: Moved by Stinnett, seconded by Kuhl to approve the resolution as presented. VOICE VOTE: Motion carried.
- c. Plan Commission
 - iii. Application For Conditional Use Permit, SAC Wireless On Behalf Of AT&T (Owner – City Of Waterloo), 333 Portland Road, To Allow For The Construction Of A 260' Self Support Telecommunications Tower. MOTION: Moved by Petts, seconded by Kuhl to approve the conditional use as submitted. DISCUSSION; Jim Jermain representing AT&T commented on cell service improvements and the First Net program benefitting first responders. Griffin inquired about the twelve foot access easement. Responding to a Jim Rhyner question, Hansen said WisDOT had denied access from STH 19 and the easement would not prevent others from using the easement area. Scott Schoenherr asked if ruts created on his property due to construction would be leveled. In reply to a Schoenherr question, Dan Kalina representing AT&T said the proposed tower was self-supporting and had no guy wires. In reply to a Schoenherr question Jermain said the FCC publishes a municipal guide to RF levels which AT&T follows. In response to a Rhynes question, Kalina said FAA lighting requirements were not yet known, but the tower would be lighted. Replying to Schoenherr, Jermain said AT&T had checked existing Waterloo towers to see if they met the company's location needs, and they did not. VOICE VOTE: Motion carried.

MOTION: Moved by Kuhl, seconded by Petts to approve amending the ground lease as presented in a revised form submitted and before the Council this evening. DISCUSSION: Hansen described the amendment to a previously approved ground lease as consisting of a location change and two provisions sought by Alder Schoenwetter: a 27% increase in rental income and the inclusion of language similar Jefferson County agreements regarding a bond in case of tower abandonment. VOICE VOTE: Motion carried.
- b. Resolution #2019-17 Authorizing Tax Incremental District #3 Expenses For Wetland Delineation And Geotechnical Analysis Relating To Reuse And Redevelopment Of 333 Portland Road. MOTION: Moved by Petts, seconded by Schoenwetter to approve the resolution as presented. Wednesday May 1st, 2019

On Monday April 8th, 2019 we had our monthly EMS training. We had two guest speakers. The first was a family that lives in our district whose child has a skin condition. They came down to speak with us on how to work with this child and how to handle the child. The second speaker was talking with us about autistic patients. We need to know how to interact and be able to help these patients.

On Monday April 15th, 2019 we had our monthly Fire training. First part was on rural operations and MPO (Manual Pump Operator) skills. Our members have to be able to set up to draft and the MPO needs to be able to get that water from a portable tank. Second part was on stretching a hand line. The firefighter has to be able to grab 200 feet of hose, stretch the hose and be ready to go into the structure all within one minute. The last part was on firefighter CPR. If a firefighter would go down with all their gear on we need to be able to perform CPR. The firefighters would take off the downed firefighter's helmet, mask, hood, gloves, SCBA (self-contained breathing apparatus), coat, boots and pants within one minute while doing CPR.

On Monday April 29th, 2019 we had our quarterly combination training. This training was on RTF (Rescue Task Force). This training is for the situations involving mass killings. Trek Bicycle Corporation allowed us to utilize some of their office space for this training. We used live victims, some staff from Trek and some were from the public. Without having these people volunteer their time we would not be able to complete this training. We train with our police department on this type of situation. We go in with police officers to tend to wounds and get the injured out and in a safe location.

Three members completed and got their Firefighter II certification, this course is 42 hours. One member completed and passed the Ambulance Driver course, this course is 18 hours. We have a new EMS member, this member will be starting EMT (Emergency Medical Technician) class at the end of May.

Sincerely,

Chief Wesley Benisch

Monday June 3rd, 2019

On Monday May 13th, 2019 we had our monthly EMS training. First part of training was allergic reactions. Patients can present so many different types of reactions from food, animals, plants and medications and some other things also. Our members have to figure out what to do and what medications they need to give for these patients. Second part was diabetes. Our members have to know what the signs are of a diabetic emergency and then how to test it and proceed with medications. The last part was on Haz-mat. The members were called out to a semi that was pulled over and the patient had some white substance on them. The team has to figure out what the chemical is and have fire department dispatch to help secure the scene and decon. Then the EMS needs to know how to use the Emergency Response Guidebook to know how to take care of the patient.

On Monday May 20th, 2019 we had our monthly Fire training. First part was aerial set up and attack. The Aerial Operator had to figure out the best place to set up for rescue and fire attack. Firefighters had to climb the ladder and clip in. Second part rural setup. The team had to get the portable tank off the truck, set up and then get the hard suction connected and placed in the tank and spraying water within two minutes. The last part was checking out turnout gear to make sure there were no problems with it. The members have to take the turn out gear apart and check it for wear and tear.

One of our members completed the EMR (Emergency Medical Responder) course.
Two of our members started an EMT (Emergency Medical Technician) course.
