Monday September 9th, 2019

On Monday August 12th, 2019 we had our monthly EMS training. Training consisted of three scenarios. The first scenario was heat emergencies, second scenario was seizures and third scenario was overdose. First part of training was done by power point to refresh on these emergencies. Then we put our members in crews and they were dispatched out to these emergencies. We have been setting up training around the city at family and friends homes to make training more realistic.

On Monday August 19th, 2019 we had our monthly Fire training. Training consisted of extrication. At the beginning of the month we had 5 members go to a 16 hour extrication training. The members that went to the class brought back different techniques on how to cut apart vehicles. The goal for extrication is time. The faster we can get access to the patient the better chances for the patient.

On Wednesday August 28th, 2019 five of our members started MPO (Manual Pump Operator) course. This course is a 66 hour course to become certified.

Sincerely,

Chief Wesley Benisch
