

**ADDENDUM NO. 1**  
**YELK BUILDING DEMOLITION**  
**CDBG-EAP #08-63**  
**CITY OF WATERLOO, WISCONSIN**

This addendum, dated Tuesday, January 31, 2012, is being sent to supplement the Contract Documents for the Yelk Building Demolition project. This addendum shall become part of the Contract Documents. Information provided in this addendum shall be used for preparation of bids. *Please acknowledge receipt of the addendum as provided on the bid form.*

Addendum No. 1 contains the following documents and information to be made part of the Contract Documents:

1. Standard Specification Section 02920 - Topsoil and Finish Grading: Part 2.01(B) Delete the statement "Soil removed from agricultural land shall not have had crops grown on it for at least 2 years." Suitable topsoil that adheres to the other requirements of Section 02920 shall be acceptable regardless of source.
2. Standard Specification Section 02120 - Removal of Existing Structures: Part 3.01(A)2. Clarify foundation removal: Footings and foundations do not need to be excavated and removed from site as long as they can be removed to below existing ground level and topsoil reasonably placed over what remains without "mounding" topsoil over it.
3. A modification to the prevailing wage rate Decision Number: WI120010-0 as provided in the bidding package has been published. This modification #1 dated 01/13/2012 is provided with this addendum and shall be used in lieu of the original decision dated 01/06/2012.
4. Prevailing wage rates, as specified by the current Wisconsin state statutes 66.0903 & 103.49, are only applicable to multiple trade projects that exceed \$100,000 in total project cost. If the General Contractor's (GC) total project cost for this demolition is under the \$100,000.00 threshold, the City will not require the GC to adhere to either State or Federal prevailing wage requirements.
5. Two potential sources have been identified for receipt of crushed aggregate material:
  - The City of Waterloo will accept asphalt crushed to a nominal ¾" aggregate size from the site. It will have to be transported to a location within the City to be determined by the Public Works Director.
  - Tom Bergan (478-2121 x136) with McKay Nursery can be contacted and would be interested in clean crushed concrete from the site. Arrangements relating to this should be handled directly with the nursery.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----  
 The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular

rate is union or non-union.

#### Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters, PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rate.

#### Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
