## ACCOUNTANTS' COMPILATION REPORT

To the City Council  
City of Waterloo  
Waterloo, Wisconsin

We have compiled the accompanying Balance Sheet, Historical Summary of Project Costs, Project Revenues and Net Cost to be Recovered Through Tax Increments and Historical Summary of Sources, Uses, and Status of Funds of the City of Waterloo's Tax Incremental District No. 3 ("district") as of and for the year ended December 31, 2014 and from the date of creation through December 31, 2014. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

As discussed in Note 1, the financial statements present only the transactions of the district and do not purport to, and do not, present fairly the financial position of the City of Waterloo as of December 31, 2014, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary information has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and, accordingly, do not express an opinion or provide any assurance on such supplementary information.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economical, or historical context.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The accounting policies of the City of Waterloo's Tax Incremental District No. 3 (the "district") conform to accounting principles as applicable to governmental units and as defined by Wisconsin Statutes Section 66.1105.

The City of Waterloo has implemented accounting principles generally accepted in the United States of America to the extent they apply in determining the scope of the activity of Tax Incremental District No. 3. The accompanying financial statements reflect all the significant operations of the City of Waterloo's Tax Incremental District No. 3. The accompanying financial statements do not include the full presentation of the City of Waterloo.

**A. DESCRIPTION OF FUND STRUCTURE AND LONG-TERM DEBT**

This report contains the financial information of the City of Waterloo's Tax Incremental District No. 3. The summary statements were prepared from data recorded in the following fund and the city's long-term debt:

Capital Projects Fund

Detailed descriptions of the purpose of this fund and long-term debt can be found in the City of Waterloo's basic financial statements.

The data was consolidated for purposes of this report. Therefore, the amounts shown in the accompanying statements will not directly correlate with amounts shown in the basic financial statements.

The district was created under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvement costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the district. The tax on the increased value is called a tax increment.

The statutes allow the district to collect tax increments until the net project cost has been fully recovered, or until 20 years after the creation date, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the City of Waterloo. Project costs may be incurred up to five years before the unextended termination date of the district.

COMPILED  
NOTES TO FINANCIAL STATEMENTS  
As of and for the Year Ended December 31, 2014 and  
From the Date of Creation Through December 31, 2014

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

**A. DESCRIPTION OF FUND STRUCTURE AND LONG-TERM DEBT (cont.)**

**Original Project Plan**

	Creation Date	Last Date to Incur Project Costs	Last Year to Collect Increment
TID No. 3	January 1, 2012	April 24, 2027	2032

**B. BASIS OF ACCOUNTING**

The modified accrual basis of accounting was followed in the preparation of these statements. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Project costs, other than interest on long-term debt, are recorded when the related fund liability is incurred.

District increments are recorded as revenues in the year due. Intergovernmental aids and grants are recognized as revenues in the period the related expenditures are incurred, if applicable, or when the district is entitled to the aids.

Other general revenues are recognized when received in cash or when measurable and available under the criteria described above.

**C. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**D. MEASUREMENT FOCUS**

The measurement focus of all governmental funds is the funds flow concept. Under the funds flow concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as unavailable or unearned revenue or as nonspendable fund equity. Liabilities for claims, judgments, compensated absences and pension contributions which will not be currently liquidated using expendable available financial resources are shown in the long-term debt footnote disclosure. The related expenditures are recognized when the liabilities are liquidated.

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

---

***E. PROJECT PLAN BUDGET***

The estimated revenues and expenditures of the district are adopted in the project plan. Those estimates are for the entire life of the district, and may not be comparable to interim results presented in this report.

***F. LONG-TERM DEBT***

Short-term liabilities are recorded as fund liabilities. All other long-term liabilities are shown in the long-term debt footnote disclosure.

Proceeds of long-term debt issues not recorded as fund liabilities are reflected as "Sources of Funds" in the operating statement of the recipient fund. Retirement of these issues is reported as an expenditure in the year in which the debt matures or is repaid, whichever is earlier.

***G. CLAIMS AND JUDGMENTS***

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental funds if it has matured. Claims and judgments are disclosed in the long-term debt footnote when the related liabilities are incurred.

---

**NOTE 2 – CASH AND TEMPORARY INVESTMENTS**

---

The district invests its funds in accordance with the provisions of the Wisconsin Statutes 66.0603(1m) and 67.11(2).

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

The district, as a fund of the city, maintains separate and common cash and investment accounts at the same financial institutions utilized by the city. Federal depository insurance and the State of Wisconsin Guarantee fund insurance apply to the City of Waterloo as an individual municipality, and, accordingly, the amount of insured funds is not determinable for the district.

---

**NOTE 3 – ADVANCES FROM CITY FUNDS**

---

TIF District No. 1 is advancing funds to the district. The amount advanced is determined by the deficiency of revenues over expenditures and other financing sources since the district's inception. No repayment schedule has been determined for the advance.

---

**NOTE 4 – GUARANTEED REVENUE**

---

TIF District No. 3 has entered into a development agreement with Regius Rubber, LLC and Pappy's Property, LLC. The agreement guarantees that the developers shall pay the difference between the guaranteed tax increment and the tax increment actually levied on an annual basis.

The developer agreed to construct a facility in TIF District No. 3 so that the fair market value starting January 1, 2013 would never be less than \$648,825. If the development generates less than \$648,825 in fair market value, the developer will owe the city an amount equal to the difference between the actual tax increment generated by the fair market value as assessed and equalized and the sum of the tax increment that should have been generated by the fair market value had the aforesaid value of \$648,825 been attained.
