VOTING BY ABSENTEE BALLOT
FOR APRIL 2, 2013
SPRINGELECTION**

**VILLAGE OF MARSHALL (DANE CO.) WI. - TOWN OF MEDINA (DANE CO.) WI.-
CITY OF WATERLOO (JEFFERSON CO.) WI. - TOWN OF PORTLAND (DODGE CO.) WI. -
TOWN OF WATERLOO (JEFFERSON CO.) WI. - TOWN OF YORK (DANE CO.) WI.**

Any qualified elector who is unable or unwilling to appear at the polling place on Election Day may request to vote an absentee ballot. A qualified elector is any U.S. citizen, who will be 18 years of age or older on Election Day, who has resided in the ward or municipality where he or she wishes to vote for at least 28 consecutive days before the election. The elector must also be registered in order to receive an absentee ballot.

TO OBTAIN AN ABSENTEE BALLOT YOU MUST MAKE A REQUEST IN WRITING.

Contact your municipal clerk and request that an application for an absentee ballot be sent to you for the primary or election or both. You may also request an absentee ballot by letter. Your written request must list your voting address within the municipality where you wish to vote, the address where the absentee ballot should be sent, if different, and your signature.

Special absentee voting application provisions apply to electors who are indefinitely confined to home or a care facility, in the military, hospitalized, or serving as a sequestered juror. If this applies to you, contact the municipal clerk.

You can also personally go to the clerk's office or other specified location, complete a written application, and vote an absentee ballot during the hours specified for casting an absentee ballot.

February 25, 2013

Mo Hansen
Clerk, City of Waterloo
136 North Monroe Street
Waterloo, WI 53594

Prelim-EAP
Community Name: City of Waterloo,
Jefferson County,
Wisconsin
Community No.: 550198

Dear Ms. Hansen:

We are pleased to present your community with Preliminary copies of the Flood Insurance Rate Map (FIRM) and Flood Insurance Study (FIS) report for Jefferson County, Wisconsin and Incorporated Areas for your review and comment. The enclosed FIS report for Jefferson County describes the flood hazard information updates made to the FIRM and FIS report and the source information used in making the updates.

We are sending the Preliminary copies at this time to give your community an opportunity to review them. Additionally, in an effort to assist you in circulating the information, FEMA has posted digital copies of the [revised] FIRM and FIS report materials to the following Website: www.starr-team.com/starr/RegionalWorkspaces/RegionV/JeffersonWI. We will contact you shortly to schedule a formal community coordination meeting (a "Consultation Coordination Officer [CCO]" Meeting) to discuss the revised flood hazard information, ordinance adoption, and other frequently asked questions and concerns. In the meantime, we encourage you to circulate the enclosed data as widely as possible among elected officials, staff, and other individuals or organizations in the community that would have an interest in the FIRM and FIS report so that they will have the opportunity to review them thoroughly before the formal community coordination meeting. The review period provides community officials and citizens in the affected communities with an opportunity to identify changes or corrections to non-technical information, such as corporate limits, road names, and stream names on the FIRM or in the FIS report. Comments may be sent to Gordon.Statz@wisconsin.gov. Please submit comments (digital format such as shapefiles preferred) no later than 30 days from the date of this letter. All comments and changes received during this review period will be incorporated, as appropriate, before the FIRM and FIS report become effective.

To assist your community in maintaining the FIRM, we have enclosed a Summary of Map Actions (SOMA) to document previous Letters of Map Change (LOMCs) (i.e., Letters of Map Amendment [LOMAs], Letters of Map Revision [LOMRs]) that will be superseded when the FIRM becomes effective. Information on LOMCs is presented in the following four categories: (1) LOMCs for which results have been included on the FIRM; (2) LOMCs for which results could not be shown on the FIRM because of scale limitations or because the LOMC issued had determined that the lots or structures involved were

outside the SFHA as shown on the FIRM; (3) LOMCs for which results have not been included on the FIRM because the flood hazard information on which the original determinations were based is being superseded by new flood hazard information; and (4) LOMCs issued for multiple lots or structures where the determination for one or more of the lots or structures cannot be revalidated through an administrative process like the LOMCs in Category 2 above.

LOMCs in Category 2 will be revalidated through a single letter that reaffirms the validity of a previously issued LOMC; the letter will be sent to your community shortly before the effective date of the FIRM and will become effective one day after the FIRM becomes effective.

For the LOMCs listed in Category 4, we will review the data previously submitted for the LOMA or LOMR request and issue a new determination for the affected properties after the FIRM becomes effective upon request.

Your community should be aware that recently approved LOMCs, specifically LOMRs, may have been issued for your community. The LOMR process is dynamic and FEMA is reviewing LOMR applications regularly. To complete production of the Preliminary FIRMs which includes incorporating the effects of "mappable" LOMRs issued since the last map effective date, a specific cutoff was established. FEMA will address any approved LOMRs issued after the cutoff date when the final SOMA is distributed. If your community has concerns regarding a specific case, please submit the LOMR case number, as well as any appropriate documentation, to our FEMA Regional Office at FEMA Region V, 536 South Clark St., 6th Floor, Chicago, IL 60605 before the end of the comment or appeal periods discussed below to assist us in keeping the map up to date.

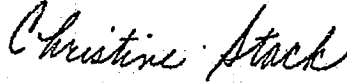

After the CCO Meeting, we will initiate a statutory 90-day appeal period for certain communities within Jefferson County. A statutory 90-day appeal period is required when FEMA adds or modifies Base (1-percent-annual-chance) Flood Elevations (BFEs), base flood depths, SFHAs, flood zone designations, or regulatory floodways within a community, as shown on the Preliminary FIRM. If your community is identified as requiring an appeal period, we will send you a letter approximately 2 weeks before the start of the 90-day appeal period to detail the appeal process. The letter will forward information regarding notifications to be published in the FEDERAL REGISTER and local newspaper(s) and will provide the first and second publication dates. The appeal period will start on the second publication date. Additional information concerning the 90-day appeal period will be provided during the CCO Meeting.

After the 30-day review and appeal periods have ended and we have addressed all comments/appeals, we will initiate final preparation of the FIRM and FIS report. The new FIRM and FIS report for your community will become effective approximately 7 to 10 months later. Before the effective date, you will be notified in writing of the official FIRM and FIS report effective date and asked to adopt floodplain ordinances or modify existing ordinances as necessary that correspond with the new FIRM or FIS report. If you or other community officials have any questions regarding floodplain ordinances, you may raise them with our FEMA Regional Office or you may discuss those issues with your State NFIP Coordinator. Several months before the effective date, we will mail one set of printed copies of the finalized FIRM and FIS report and digital copies of the map and report products.

Your community's comments on the Preliminary FIRM panels and FIS report are an important part of our review process, and we will consider them carefully before we publish the FIRM and FIS report in their final form. If you have any questions regarding the Preliminary copies of the FIRM and FIS report,

please contact at the Wisconsin DNR Fritz Statz at 6082662709. If you have general questions about mapping issues, please call our FEMA Map Information eXchange (FMIX), toll free, at (877) 336-2627 (877-FEMA MAP) or e-mail our FMIX staff at FEMAMapSpecialist@riskmapcds.com.

Sincerely,

Christine Stack
Director, Mitigation Division
FEMA Region V

**WATERLOO FIRE DEPARTMENT
900 INDUSTRIAL DRIVE
WATERLOO, WISCONSIN 53594**

Thursday February 1st, 2013

On Tuesday, January 15th, 2013 we had our monthly EMS training. The training was quarterly, which is six different stations that the members have to go through and test their skills. If they don't get checked off they have to practice and retest. For this quarterly we tested on all medications, 12-lead placement, all vital signs, sucking chest wound, IV-IO administration and maintaining open airway.

On Monday, January 21st, 2013 we had our monthly Fire training. The training was on Midnight timed drills and RIT (rapid intervention team). The Midnight drills are when the members have to get their firefighter gear on within one minute. The second part is when they have to get there gear and SCBA (self-contained breathing apparatus) on within two minutes. The RIT training was when a firefighter went down and the RIT had to search and rescue the downed firefighter. At the Fire meeting there were elections for the Chief position and Vern Butzine was re-elected.

Sincerely,

Chief Vern Butzine
