Art Biermeier, President

Board of Trustees

Karl Junginger Memorial Library

625 N. Monroe St.

Waterloo WI 53594

Dear Art,

I have decided to retire from my position as Library Director this fall. The termination date of all of my Wisconsin Retirement System employment will be October 3, 2013.

I would like to request that the Library Board of Trustees approve conversion of my earned, unused sick leave to state health insurance premiums. As of June 27, I have accumulated 544 hours of sick leave. That number will change by October 3.

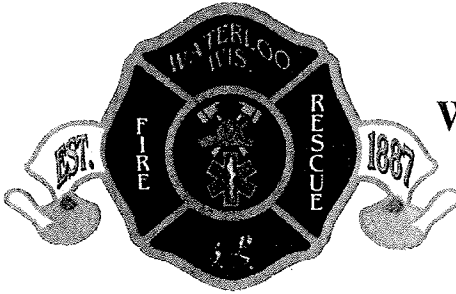

I am sincerely grateful for the great opportunity the Board of Trustees, the Mayor of Waterloo, and the City Council have given me to provide quality library service to the Waterloo community. I appreciate their support as well as the hard work of the library and city staff. All of us believe in a literate city.

Sincerely,

WATERLOO, WISCONSIN 53594

Monday July 1st, 2013

On Monday June 10th, 2013 we had our monthly EMS training. The training was a Mass Casualty situation. The scenario was an active shooter at an event. The Waterloo Police Department was also present to train with us. In the training scenario there were 3 people injured, and the gunman had not been located. This training is focused on safety but also triaging to make sure that the patient most critical gets transported first. One of the patients was the shooter and he still had another weapon on him. EMS responders had to triage the patients and try to find the weapon before they got wounded. This training is to open the view and make sure they check everything and everyone to make sure it is safe prior to entering a situation.

On Monday June 17th, 2013 we had our monthly Fire training. The training was 4 different scenarios. 1st part was hydrant hookups. This is where the engine or ladder crew comes up to a hydrant, grabs the hydrant bag and wraps the large diameter hose around the hydrant when the apparatus drives to the scene. They hook up and get water to the apparatus within 2 min. The 2nd part was drafting. Drafting is where the portable tanks are set out and the tenders dump water in the tank and the engine pulls the water from the tank. This training is a good refresher so when we do have to fight a fire with no hydrant we can get water within 2 min. The 3rd part was Aerial operations. The operators for the ladder truck have to know where and how to set up so the equipment can be used properly. The 4th part was Blitz Fire Attack. This training is with a newer piece of equipment. It is a master stream device which will allow us to set this up with 1-2 firefighters and one can work it. This gives us large water and quick attack to the fire.

Sincerely,

Chief Vern Butzine
