AGREEMENT

WHEREAS, Jefferson County has budgeted funds to purchase new uniform election equipment for all municipalities with election districts in Jefferson County which will be considered by the Board upon the agreement of the municipalities to continue the same equipment/ownership arrangement used successfully for the past 16 years,

IN CONSIDERATION OF THE PROVISIONS SET FORTH, THE PARTIES AGREE that if Jefferson County contracts to purchase DS200 Precinct Tabulator and Scanner which would become the property of the City of Waterloo, the City of Waterloo will trade in toward the County's purchase price for the new election equipment the City's OPTECH III P Eagle and blue metal stand owned by the City of Waterloo.

IT IS FURTHER AGREED, that the City of Waterloo will properly maintain at its cost the equipment provided by the County under this agreement.

IT IS FURTHER AGREED, that the City of Waterloo will exclusively use the new elections equipment for a period of at least 10 years from the first election occurring after delivery of the equipment, unless released from this obligation by the County.

Dated this ____ day of _____, 2013.

City of Waterloo:

Chairperson/President

Clerk

Dated this ____ day of _____, 2013.

County of Jefferson:

Barbara A. Frank
Jefferson County Clerk

Please return this document to Jefferson County Clerk, 320 S Main Street, Room 109, Jefferson, WI 53549, no later than August 11, 2013.

Jefferson County Election Equipment Purchase

- ❖ Retirement: Jefferson County purchased 34 OPTECH IIIPE for the total cost of \$196,295 in 1996. 1990 technology outdated with 20 year lifetime. These are provided to 25 of our municipalities holding 42 elections. The Optechs have been under maintenance and have had very few problems.
- ❖ Outdated: WindowsXP software required for programming software will not be supported after April 2014
- ❖ Reliability: No replacement parts available for the OPTECH and very expensive to replace. Not sure if replacement parts will be certified by state.
- ❖ Unique: Wisconsin is one of the few states still using the OPTECH and therefore less software (programming) support available.

DS200 advantages:

- ❖ Voter Friendly: Voters benefit from instant, on-line alerts regarding questionable ballots
- ❖ Compatibility: with Automark (ADA machines).
- ❖ Multiple Wisconsin counties with same system: LaCrosse County purchase in 9/2013; Brown County, Rock County, Dane County,
- ❖ Cost Savings: Will not need \$45 infrared ink cartridges for automarks savings \$90/polling place/election or \$2700/election
- ❖ Programmer Friendly: software enhancements to make work flow smoother

Fiscal Impact:

The 2009 appropriation \$211,225 for purchase of 35 new ballot machines has been carried forward and is available for the purchase.

2013 estimated cost is \$248,600 for 38 new ballots machines. \$37,375 will be requested to be transferred from contingency fund. Cost increases due to 3 additional voting machines, additional jump drives, and 4 year old quote.

2014 maintenance hardware warranty are included (saving \$4275).

Menards provided material estimates are intended as a general construction aid and have been calculated using typical construction methods. Because of the wide variable in codes and site restrictions, all final plans and material lists must be verified with your local zoning office, architect and/or builder for building design and code compliance. Menards is a supplier of construction materials and does not assume liability for design, engineering or the completeness of any material lists provided. Underground electrical, phone and gas lines should be located and marked before your building plans are finalized. Remember to use safety equipment including dust masks and sight and hearing protection during construction to ensure a positive building experience.
