Mr. Morton Hansen  
Town Clerk/Treasurer, City of Waterloo  
136 N. Monroe St.  
Waterloo, WI 53594-1198

Dear Mr. Hansen,

Congratulations! On behalf of the Recycling Program at the Wisconsin Department of Natural Resources, your responsible unit (RU), the City of Waterloo, is being recognized with a Recycling Excellence Award for superior performance in 2012. Based on data from the 2012 recycling annual reports, your recycling program had the highest pounds per capita collected in the South Central Region. It is our pleasure to present your community with the 2012 Recycling Rate Leader Award.

The Recycling Excellence Awards are part of a pilot program designed to increase interest in recycling and offer an additional positive experience for our local government partners in the state's recycling program. The goal is to encourage and reward communities for doing great recycling work while also driving friendly competition to improve their programs.

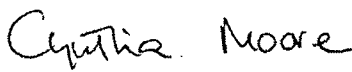

The top ten percent of RUs from each region in the pilot program (West Central and South Central Regions) received a Recycling Excellence Award in one of 10 categories, with population taken into consideration. Pending feedback, we anticipate we will implement this program statewide in 2014. You can find more information on this recognition program, including a list of all the pilot program award recipients and details of each award, by visiting the [dnr.wi.gov](http://dnr.wi.gov) website and searching "Recycling Excellence Awards."

We sincerely appreciate your effort and hope that your dedication to excellence in your recycling program will continue.

Sincerely,

  
Ann Coakley

2012 RECYCLING RATE LEADER

SOUTH CENTRAL REGION

Presented to

**CITY OF WATERLOO**

*The Recycling Excellence Awards recognize local governments for their dedication to providing outstanding recycling service to their residents. Thank you for your efforts to improve recycling in your community, exceeding expectations of the Wisconsin Department of Natural Resources and leading the way for other communities. We hope you and your residents will take pride in this achievement and continue to strive for recycling excellence.*

Monday December 2<sup>nd</sup>, 2013

On Monday November 11<sup>th</sup>, 2013 we had our monthly EMS training. This upcoming EMT IV refresher has been updated and changed this January. Jan Beyer from UW Madison came in and gave us a mini refresher for the new items and topics that will be coming up in the future we are learning more skills for our service. The second part of training was with Elizabeth Larson MD, she refreshed on birth and some complications. She had went over the normal births and then complications and what needs to be done for each scenario.

On Monday November 18<sup>th</sup>, 2013 we had our monthly Fire training. We trained on all power equipment and the switch from the MSDS to the new SDS paper work. The training on the power equipment we took all of the equipment and refreshed on how to start, clean and maintain on the equipment. When the seconds count we have to make sure our equipment is running good and ready to use. The updated hazardous materials sheets that are required for the businesses will have to switch all there paper in time. We have to make sure we know what to look for in case of an emergency would happen.

Sincerely,

Re: Hourly/Special Billing Format Change

Dear Customer:

We are integrating all of our billing types into our existing software, to prevent manual rework and allow for the transactions to go through our audit process.

There will be no change to you, other than the look of your invoice. You will now receive an invoice for the permits and a separate invoice for the hourly and/or special billed (non permit related items) with detail attached.

- The permit number listed will correspond to the date of service.
- The charges are based on your contract rate.

If you have any questions or need more information, please let me know.

Sincerely,

*Gail DeLacy*
