Memo

Date: March 15, 2014
To: Waterloo City Council, c/o Mo Hanson
From: Joe Marcel and Kari Augustine, owners of 145-147 N. Monroe

Recently we received an invoice for \$95 for 6 minutes of snow shoveling done at about 10 a.m. on Thursday, March 6. This came as a complete surprise as we have never received any warnings or citations of any kind in over 25 years of owning the property, and in fact have done more than average in maintaining downtown appearance and safety.

Our objections fall into several categories:

- 1) When there is to be a change in policy or enforcement, a warning would be constructive. Today (3/15/14) we received what appears to be a police warning notice dated 3/7/18 with the times 7:10 a.m. and 3:00 pm noted; we are at a loss for what this is for since there was no snow after the 0.01" reported on Wednesday the 5th and shoveled on the 6th. Is the implication that the city will issue both PD citations and invoices for snow shoveling in the future?
- 2) This approach to solving a persistent problem is punitive and will only create resentment in law-abiding property and business owners. We have always employed Bill Gruchow to shovel for us, but this winter he has been ill, so we have tried in good faith to keep up with it ourselves, with the help of tenants and neighbors. A vastly more constructive approach would be a city-sanctioned snow removal service that owners could subscribe to. Rather than having 25 owners scrambling to find reliable help, the city could elicit one provider that would accept any downtown subscriber.

Before dismissing ideas such as this, we ask you to consider how Waterloo's downtown is in steep decline, and creating resentment over an issue like this is unnecessary and foolish. We will not stay if there is conflict with the city!

- 3) Judging from the copied before-and-after shoveling photographs that accompanied the invoice, there was a fraction of an inch of snow that apparently fell during the evening of Wednesday March 5 and into Thursday the 6th. According to records found on the Weather Channel (found on Waterloo's own website!), the precipitation totals in Waterloo for the 5th, 6th and 7th were 0.01, 0.0 and 0.0 inch! Why did decision makers choose a day with minimal snowfall to teach property owners a lesson? Doing so only undermines credibility.
- 4) The snow removal policy found on the City's website states that owners or those responsible shall: "remove all snow and ice from said sidewalk within 24 hours from the time the snow ceases to fall." From what snowfall-ending time was 24 hours determined, and on what basis was this determination made? In fairness, invoices or tickets must include this information to be credible! Perhaps there should also be some means of signaling that the 24-hour countdown has started.
- 5) We happen to be the only downtown property to have concrete steps in front. To see that city workers did not shovel them as part of the \$95 minimum also damaged the credibility of the city's policy!

In conclusion, we do respectfully request that the fine be withdrawn and the above issues addressed.

Subject: snow removal at 139/143 n monroe street on 3-3-14

Gentlemen,

Regarding the statement/fine of \$95 for non-compliance of snow removal at service insurance. To inform you that my address where I have personally been in charge of for the last 25 years has never one time been in violation of any snow removal situation. I personally removed the snow from my office on Saturday march 1 at approximately 11:00 am. In the period from that time to 9:00 Monday morning there apparently was another roughly 1/2 inch of snow that fell in the afternoon of March 1. When I entered my office at 8:55 I noticed that it had appeared as though someone had salted the sidewalk. My office personnel, Cheri Van Holten, said she was on the phone when apparently city employees removed the snow remaining on the sidewalk and salted the area.

I personally feel that the city workers could have very easily seen the "open" sign on our business and said that we were in violation and the problem would have been solved in a matter of minutes as she could have had salt applied immediately to alleviate the problem. In a small town, where people should have good communication with local business people, this was not done. I am of the opinion that our record over the last 100 years of doing business in this building speaks for itself and that a warning would be the avenue of choice in this matter rather than an immediate fine of \$95.

I await your response as hopefully this will be brought in front of a grievance committee of some sort.

Respectfully Submitted

Subject: Recommendation to the Council / minor ordinance change to 30-6 Standing Committees

Mayor Thompson,

Chapter 30: COMMON COUNCIL

§ 30-6 Standing committees.

<http://ecode360.com/9837594>

I am recommending a minor ordinance change to allow for greater flexibility in the timing of the appointments to the Standing Committees. The ordinance states that the appointments are to be made at the first meeting in May.

Because state statutes say the new terms for Alders begin on the third Tuesday in April, I would recommend that 30-6 be changed from:

“...the appointments are to be made at the first meeting in May.”

to:

“...the appointments are to be made at the first meeting after the third Tuesday in April.”

Why make this change?

If we wait until May to appoint the standing committees, Alders elected to new terms would have two Council meeting nights where they were not formally appointed and confirmed to serve on a standing committee. By completing the appointments immediately after the term of office begins, the new Alder may informally sit in on the committee to which appointed the second meeting in April, be formally appointed later that night and then proceed as an appointed and confirmed committee member thereafter.

At some point going forward an important committee vote may take place and the Alderperson may be appointed but not confirmed to the standing committee. An outcome involving an unconfirmed Alder can and perhaps should be challenged. The unconfirmed status could affect committee quorums or the outcome of votes, even though there is an elected Alder certified to hold office.

The minor change seeks to remedy these potential situations.

Tim,

At the suggestion of Alderperson Angie Stinnett, I contacted and received a preliminary OK from Alyssa Hellenbrand-Best with Steve Brown Apartments to proceed with a lease for \$1 as we spoke of on the phone. Mayor Thompson has given a preliminary OK. Gary Yerges gave an initial OK to the maintenance related aspects of a temporary lease of property adjacent to the Waterloo Regional Trailhead on a non-permanent basis to use the bare ground property east of the Waterloo Regional Trailhead as park space.

1. LEASE TIMELINE:

Please proceed with the drafting of lease. Forward a completed draft to Alyssa Hellenbrand-Best for review (contact info attached). She is out of the office the week of April 21st. We need to have a lease and conditional use change in place by May 2, 2014 at the latest. That means consideration of the lease can be before the City Council April 17th with a fall-back date of May 1st. Finalizing Council consideration of the lease piece of this on April 17th is my preference and will aid in generating peace-of-mind for event organizers and all others involved in a first time event which is attracting participants from Wisconsin and around the Midwest.

2. CONDITIONAL USE PROCESS:

We are proceeding with a municipally initiated conditional use permit process to grant a conditional use to allow this property zoned R-2 to be used as park space as allowed in §385-8(5). The schedule dictates that Plan Commission consideration will be April 22nd, with Council consideration no sooner than May 1st.

3. LEASE DETAILS:

- Term: Ends December 31, 2015.
- Out clause: Each party has an out with sixty day notice.
- Lease price: \$1.
- Event parking of vehicles **not** permitted on site.
- Municipality responsible for maintenance.
- Property owner immunity due to claims relating from use as a park space as provided for by state statutes to be included or referenced.
- Municipal ordinances relating to usage as park space to apply to lot for duration of lease.

Thank you for your attention to this item.
