

MAUNESHA RIVER CLEANUP 2013

Local Volunteers Needed to Relieve Litter from River for Chance to Win Prizes

A few months ago, during a walk on a pristine fall day, we found ourselves on the bridge that crosses the Mauneshia by the old Perry Printing parking lot. We were shocked by what we saw there; branches falling down, old tires, a baby stroller and lots of trash littering the water and surrounding area. We were saddened by the way our beautiful river looked.

As part of National River Cleanup initiatives, local citizens, businesses and organizations are banding together to tackle litter and trash in the Mauneshia River. Food, beverages, and **prizes** will be given away during, and upon completion of, our project! Some of our sponsors have pledged supplies such as bags, gloves, bug spray and sunscreen.

Waterloo is dedicated to protecting the Mauneshia River because a healthy community starts with a healthy river. Clean and healthy rivers provide everything from clean drinking water to recreation opportunities to fish and wildlife habitat.

Please gather with the community on May 11. We will be starting at 9 a.m. by the Burger King building. Around noon we will move to the bridge area by the Perry Printing parking lot for a picnic lunch and more clean up. We will finish the day at or around 4 p.m., at the Mauneshia section in Fireman's park where more food and beverages, as well as prizes donated by local businesses, will be made available!

American Rivers' *National River Cleanup* is a series of nationwide community-based river and stream cleanups. For more information on National River cleanup, please visit www.americanrivers.org.

"Rivers connect us to each other, to nature, and to future generations. It is wonderful to see so many people in Waterloo, WI and across the country taking action to protect and restore their rivers and clean water," said Bob Irvin, President of American Rivers. "We applaud the work of Waterloo for the work they do on behalf of the river and the community."

For more details or to help sponsor, contact Matt Ziaja at 920.541.6942 or Angie Stinnett at 920.478.8053. Details also available on Facebook at "Mauneshia River Cleaning Crew" Visit www.americanrivers.org, www.facebook.com/americanrivers and www.twitter.com/americanrivers.
