**PUBLIC NOTICE OF A COMMITTEE MEETING
OF THE COMMON COUNCIL OF THE CITY OF WATERLOO**

Pursuant to Section 19.84 Wisconsin Statutes, notice is hereby given to the public & news media, that the following meeting will be held:

COMMITTEE: PUBLIC WORKS & PROPERTY COMMITTEE
DATE: February 4, 2021
TIME: 6:00 p.m.
LOCATION: Municipal Building Council Chambers, 136 N. Monroe Street (in-person or remote)

REMOTE ACCESS DETAILS

Join Zoom Meeting: <https://us02web.zoom.us/j/89313688846?pwd=NkY0QXZndjQzNFJCanpmYXJXVU9SQTO9>
Meeting ID: 893 1368 8846 Passcode: 228624

Dial-in by phone

+1 312 626 6799 US (Chicago)

+1 346 248 7799 US (Houston)

Meeting ID: 893 1368 8846 Passcode: 228624

1. CALL TO ORDER AND ROLL CALL
2. APPROVAL OF MEETING MINUTES – Unapproved Minutes
3. CITIZEN INPUT / PUBLIC COMMENT
4. UNFINISHED BUSINESS
 - a. E-waste Disposal Service Review, Badgerland Disposal Reply To Service Questions
 - b. Review Of Herbicide, Pesticide & Insecticide Use
5. NEW BUSINESS
 - a. Project Oversight
 - i. Assessor's 2020-2021 Property Revaluation / Update
 - ii. 203 East Madison Street / Update
 - b. Notify Mayor Of Committee Reappointment Interest (Calendar Item)
6. FUTURE AGENDA ITEMS AND ANNOUNCEMENTS
 - a. Committee Calendar
7. ADJOURNMENT

Mo Hansen
Clerk/Treasurer

*** Also, on Council Agenda. See Council materials for documentation.

Committee Members: Petts, Schoenwetter and Rhynes

posted, e-mailed & distributed: 01/28/2021

PLEASE NOTE: IT IS POSSIBLE THAT MEMBERS OF AND POSSIBLY A QUORUM OF MEMBERS OF OTHER GOVERNMENTAL BODIES OF THE MUNICIPALITY MAY BE IN ATTENDANCE AT THE ABOVE MEETING(S) TO GATHER INFORMATION. NO ACTION WILL BE TAKEN BY ANY GOVERNMENTAL BODY OTHER THAN THAT SPECIFICALLY NOTICED. ALSO, UPON REASONABLE NOTICE, EFFORTS WILL BE MADE TO ACCOMMODATE THE NEEDS OF DISABLED INDIVIDUALS THROUGH APPROPRIATE AIDS AND SERVICES. FOR ADDITIONAL INFORMATION OR TO REQUEST SUCH SERVICES PLEASE CONTACT THE CLERK'S OFFICE AT THE ABOVE LOCATION.

CITY OF WATERLOO PUBLIC WORKS & PROPERTY COMMITTEE
MEETING MINUTES: January 21, 2021 (rescheduled from January 7, 2021)

Digital audio files are archived with these written minutes additionally serving as the official record.

PUBLIC HEARING – ADAMS STREET 2021 RECONSTRUCTION

1. CALL TO ORDER. Committee Chair Petts called the public hearing to order at 6:00 p.m. Committee members present: Petts, Schoenwetter and Rhynes. Absent: none. Others attending: Steve & Christina Brey; Alder Stinnett & Tim Stinnett; Alder Kuhl; Alder Thomas; Mayor Quimby; Public Works Director Chad Yerges; Mitch Leisses of Kunkel Engineering Group; Clerk/Treasurer Hansen.
2. CITIZEN INPUT. Mitch Leisses provided a project summary indicating: a March 6, 2021 opening of sealed bids. He said tree lawn tree removal with an option for tree replacement on private property was an option. Replying to an Angie Stinnett question, he estimated a post-March start. Replying to a Christina Brey question, he said roadway width on the project's north end would be reduced to match the south end. Citing north-bound truck travel, Brey questioned roadway narrowing. Petts raised questions about the McKay truck turning radius adjacent to her Adams Street property. Kuhl indicated a need for McKay Nursery vehicles to access Adams Street during peak spring business periods. It was noted that Mitch Leisses would meet with McKay Nursery's Tim Saniter. Leisses said the road design was like Railroad Avenue to account for future truck use.
3. PUBLIC HEARING ADJOURNMENT. Alder Petts adjourned the public hearing at 6:40 pm.

REGULARLY SCHEDULED MEETING

1. CALL TO ORDER AND ROLL CALL. Committee members present: Petts, Schoenwetter and Rhynes. Absent: none. Others attending: Steve & Christina Brey; Alder Stinnett & Tim Stinnett; Alder Kuhl; Alder Thomas; Mayor Quimby; Mitch Leisses of Kunkel Engineering Group; Clerk/Treasurer Hansen.
2. APPROVAL OF MEETING MINUTES – MOTION: Moved by Schoenwetter, 2nd by Rhynes to approve the December 3, 2020 meeting minutes. VOICE VOTE: Motion carried.
3. CITIZEN INPUT / PUBLIC COMMENT. None.
4. UNFINISHED BUSINESS
 - a. E-waste Disposal Service Review, Badgerland Disposal Reply To Service Questions. DISCUSSION: Hansen noted the Badgerland Disposal email reply in the packet. He reiterated a prior comment from the Utility Superintendent that Waterloo Utilities had renewed its 3rd party service provider contract for the 2021 calendar year. Petts noted that duplicate services are currently provided. MOTION: Moved by Schoenwetter, 2nd by Rhynes to table item 4a and 4b until the next meeting. VOICE VOTE: Motion carried.
 - b. Review Of Herbicide, Pesticide & Insecticide Use. See above.
5. NEW BUSINESS
 - a. Adams Street Design Review With Kunkel Engineering Staff And Oversight Of Bid Process For 2021 Adams Street Road Reconstruction. DISCUSSION: Noting the public hearing discussion Leisses reiterated that a bid opening would take place March 6, 2021. No action taken.
 - b. Oversight Of Bid Process For 2021 Capital Purchases. DISCUSSION: Adams Street was noted as the only 2021 capital item. Hansen said no out-year public works capital items are recorded at this time. No action taken.
 - c. Confirming Public Works Director's Appointment Of Chris Hauptli As Assistant Public Works Director. DISCUSSION: Jeff Robbin's retirement was noted. Hansen said the appointment was at the Director's discretion and the committee action affirmed the action. MOTION: Moved by Schoenwetter, 2nd by Rhynes to confirm the Public Works Director's appointment of the Interim Assistant Public Works Director, Chris Hauptli, as the Assistant Public Works Director. VOICE VOTE: Motion carried
6. FUTURE AGENDA ITEMS AND ANNOUNCEMENTS
 - a. Committee Calendar. Noted.
 - b. Assessor's 2020-2021 Property Revaluation Project/Update. Noted.

7. ADJOURNMENT. MOTION: Moved by Schoenwetter, 2nd by Rhynes to adjourn. Motion carried. Time: 6:54 pm.

A handwritten signature in black ink, appearing to read "Mo Hansen". The signature is written in a cursive, flowing style.

Subject: RE: City of Waterloo / e-waste questions

Good morning Mo,

Answers to your questions:

1. Would Badgerland Disposal agree to a contract fee reduction in exchange for terminating its curbside e-waste service? If so, what would the reduction amount?
 - a. **We included this offering as it is a common component to our bulk program in several other communities and is therefore not much of an additional add on cost to our overall processes. That said, removing it would have minimal overall impact on our costs and ability to reduce our fees. Somewhat unrelated, but substantially important – is the cost increases our industry has seen in 2020 overall (and forecast continuing into the future) as it relates to COVID. We have seen disposal costs increase 15-50% overall because so many more people are working from home and therefore, disposing of more waste (and recycling) across the board. To summarize, a price reduction is not something we can entertain at this time.**
2. Can you quantify how much curbside e-waste has been pick-up for 2020? This is of value in comparing 2020 curbside and drop-off services.
 - a. **Because the e-waste pickup is bundled into the rest of our bulk service, we are not recording those quantities separately to report on.**
3. Has any communication other than the initial mailing been sent to the Waterloo's residents informing them of the e-waste service?
 - a. **There has been no additional formal communication specific to e-waste since our initial service rollout and Welcome Packet mailer to residents.**

Thank you,

Kris Roesken
Director of Business Development

Subject: City of Waterloo / e-waste questions

Kris,

Last night members of the Waterloo Public Works & Property Committee directed me to reach out on the topic of e-waste services.

Currently *curbside* e-waste service is part of our Badgerland contract. For several years prior the initial Badgerland Disposal contact period, Waterloo Utilities has also contracted with an e-waste firm. Waterloo Utilities also currently provides *drop-off* e-waste service during its business hours at its Commercial Avenue location.

1. Would Badgerland Disposal agree to a contract fee reduction in exchange for terminating its curbside e-waste service? If so, what would the reduction amount?
2. Can you quantify how much curbside e-waste has been pick-up for 2020? This is of value in comparing 2020 curbside and drop-off services.
3. Has any communication other than the initial mailing been sent to the Waterloo's residents informing them of the e-waste service?

Thank you in advance for your replies on this topic.

aero herbicides

Our AERO® line of Herbicides consists of a full range of non-selective weed killers, including oil and water-based products, liquids and granular, non-residuals and soil sterilants.

HIGHLIGHTS

- Non-selective
- Soil sterilant
- Fast burn-down of weeds
- Oil-based

TYPICAL PROPERTIES

- Specific Gravity: **0.89**
- Bromacil: **0.98%**
- Isooctyl ester of 2-4-D: **1.09%**
- Petroleum Oil: **97.93%**
- Density: **7.4 lbs/gal**
- Coverage:
Annual Weeds: **1-2 gal/1000 sq/ft**
Perennial Weeds: **3-5 gal/1000 sq/ft**
- Appearance: **Brown liquid**
- Odor: **Petroleum**

SAFETY CAUTIONS

- Keep out of reach of children.
- May be fatal if swallowed, absorbed through skin or inhaled. Causes skin irritation. Do not breathe spray mist. Do not get in eyes or on clothing.
- Refer to M.S.D.S. and product label for additional safety information and directions for use.

HMIS RATINGS

Knock Out Ready-to-use Non-selective Weed Killer

Controls weeds and grasses through foliage and root contact

This product is a ready-to-use solvent-based non-selective weed killer. It contains two active ingredients (hence the name Double Kill): Bromacil, which controls weeds through root contact and gives season-long residual control, and 2-4-D which controls weeds through foliage and gives immediate weed burn-down. This weed killer is particularly effective in areas where undesirable vegetation is tall and well-established.

APPLICATION- May be used to kill most weeds and grasses on parking lots, fence rows, loading ramps, railroad sidings, storage yards, around buildings and industrial plant sites.

DIRECTIONS- To control most weeds for an extended period of time on non-cropland areas, such as: parking lots, fence rows, loading ramps, railroad sidings, storage yards, around buildings and industrial plant sites, apply 2-3½ gallons per 1,000 sq. ft. (80-150 gallons per acre). To control annual weeds and grasses such as foxtail, ryegrass, wild oats, crabgrass, cheatgrass, broomsedge, ragweed, lambsquarter and turkey mullein, apply 1-2 gallons per 1,000 sq. ft. (40-80 gallons per acre). For other hard-to-kill perennial weeds and grasses, such as Johnsongrass, saltgrass, bouncing bet, bracken fern and horsetail, apply 3½ gallons per 1,000 sq. ft. (150 gallons per acre).

Signal Word: Danger

Hazard Statements

Keep out of reach of children.
Read label and SDS before use.
Suspected of causing cancer
Suspected of causing genetic defects.
May cause respiratory irritation
May cause drowsiness or dizziness.
Causes serious eye damage and skin irritation.
May cause an allergic skin reaction
May be fatal if swallowed and enters airways.
Flammable liquid and vapor.

Precautionary Statements

Prevention

Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
Avoid breathing fumes
Wash hands thoroughly after handling.
Use only outdoors or in a well-ventilated area.
Wear protective gloves.
Wear eye or face protection.

Safety Data Sheet

Knock Out

Contaminated clothing must not be allowed out of the workplace.
Keep away from heat, sparks, open flames and hot surfaces. -No smoking.
Use explosion-proof electrical/ventilating/lighting/handling/process equipment.
Use only non-sparking tools. Take precautionary measures against static discharge.
Keep container tightly closed.
Do not eat, drink or smoke when using this product.

Response

IF SWALLOWED: Immediately call a poison center. Do NOT induce vomiting.
IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs get medical attention.
Take off contaminated clothing and wash before reuse.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
Continue rinsing.
Immediately call a poison center or a physician
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
Call a poison center or doctor if you feel unwell.
IN CASE OF FIRE: Use carbon dioxide, foam or dry chemical to extinguish.
If EXPOSED or CONCERNED: Get medical attention.

Storage

Keep container tightly closed. Ground/bond container and receiving equipment.
Store locked up in a well-ventilated place. Keep cool.

Disposal

Dispose of contents and container in accordance with all local, regional, and national regulations.

Hazards Not Otherwise Specified

Not applicable

Section 4 First Aid

Atlanta, GA / Dallas, TX

Safety Data Sheet

Knock Out

EMERGENCY OVERVIEW

DANGER: Flammable/combustible liquid. Harmful or fatal if swallowed. Aspiration hazard if swallowed. Vapor harmful. Keep away from heat and flame. Can cause nervous system depression.

EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

SKIN: Wash with plenty of soap and water. If skin irritation occurs get medical attention. Take off contaminated clothing and wash it before reuse.

INHALATION: Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.

INGESTION: Harmful or fatal if swallowed. Seek medical attention immediately. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

Section 5 Fire Fighting Measures

Suitable fire extinguishing media:

Use water spray, fog or foam.

Specific hazards arising from the chemical:

Flammable liquid. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of subsequent explosion. Gas may accumulate in low or confined areas or travel a considerable distance to a source of ignition and flash back, causing fire or explosion. Runoff to sewer may create fire hazard.

Hazardous thermal decomposition products:

Carbon Dioxide, Carbon Monoxide

Specific fire-fighting methods:

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.

Special protective equipment for fire fighters:

Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in a positive pressure mode.

Section 6 Accidental Release Measures

Personal precautions:

Put on appropriate personal protective equipment (see section 8)

Environmental precautions and clean-up methods:

Stop all leaks. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Eliminate all ignition sources. Disperse vapors with water spray. Prevent runoff from entering drains, sewers, streams or other bodies of water. Absorb spill with inert material. Absorb unrecoverable product. Transfer contaminated absorbent, soil and other materials to containers for disposal.

Atlanta, GA / Dallas, TX

Safety Data Sheet

Knock Out

Section 7 Handling and Storage

Do not get in eyes, on skin or on clothing. Avoid breathing sprays and vapors. Avoid skin contact. Keep out of reach of children.

Do not use or store near heat, sparks or open flame. Store in a cool, dry place. Ground/bond container and receiving equipment. Use explosion-proof ventilating and equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

Section 8 Exposure Controls/Personal Protection

Section 10 Stability and Reactivity

Reactivity : Under normal conditions of storage and use, hazardous reactions will not occur.

Chemical Stability : Stable under normal conditions.

Incompatible Materials : Acids, strong oxidizers.

Atlanta, GA / Dallas, TX

Safety Data Sheet

Knock Out

Conditions to Avoid : High temperatures, open flames, sparks, welding.

Decomposition Products: CO, CO₂

Vapors may ignite at temperatures exceeding flash point.

Section 11 Toxicological Information

Primary Route of Entry: Skin contact, inhalation, ingestion

Acute/Potential Health Effects:

EYES: May cause serious eye irritation. Symptoms include stinging, tearing and redness.

SKIN: May cause skin irritation. Prolonged or repeated contact may dry the skin. Symptoms may include redness, burning, drying of skin and skin burns.

INHALATION: High vapor/aerosol concentrations (>1000 ppm) are irritating to the eyes and respiratory tract. May cause headaches, dizziness, anesthesia, drowsiness, unconsciousness, and other central nervous system effects, including death. May cause peripheral nervous system disorder and/or damage.

INGESTION: Harmful or fatal if swallowed. Aspiration hazard - this material can enter lungs during swallowing or vomiting and cause lung inflammation and damage.

Chronic / Long Term Effects: Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Signs and Symptoms of Overexposure: Signs and symptoms of overexposure to this material through breathing, swallowing, and/or passage of material through the skin may include: stomach or intestinal upset (nausea vomiting, diarrhea) irritation (nose, throat, airways), central nervous system depression (dizziness, drowsiness, weakness, fatigue, nausea, headache, unconsciousness).

Target Organ Effects: Central nervous system, skin.

Reproductive/Developmental Information: Suspected genetic cell mutagen.

Carcinogenic Information: Diesel fuel: ACGIH - A3; Naphthalene: NTP - Possible Select Carcinogen, IARC - Group 2B

WARNING: This product contains chemicals known to the State of California to cause cancer.

Acute Toxicity Values:

Bromacil: Oral LD50 (rat) 1723 mg/kg; 2,4-D Oral LD50 (rat) 896 mg/kg.

Section 12 Ecological Information

2,4-D: 96-hour LC50 Rainbow Trout: 7.2 mg/l.

Bromacil: 96-hour LC50 Rainbow Trout: 38 ppm.

Section 13 Disposal Considerations

Waste must be disposed of in accordance with federal, state and local environmental control regulations. See label for further instructions.

NOTES FROM MUNICIPAL CODE

§ 53-14 Capital improvement program policy.

Policy. The City will make all capital improvements in accordance with an adopted capital improvement program. The City will develop a five-year plan for capital improvements and update it annually.

C. Procedure. The City of Waterloo Finance, Insurance and Personnel Committee or its designee shall, prior to each annual budget process, submit a capital improvement plan consisting of a project description, estimated costs and probable funding sources to the Council for its consideration. The Council shall act on the recommendations in a timely manner.

§ 332-1 Committee responsible for trees.

The Public Works and Property Committee shall, subject to the supervision and control of the Council, and except as herein provided, have jurisdiction and direction over all trees planted and growing in and upon City-owned property; that part of every street, the grade of which has been established, lying between the lot line and the curb; and trees on any property which may in any way have effect upon public property and upon the public welfare of the City, and for the planting, care, maintenance, protection and removal thereof. The Committee may make such rules and regulations as it may deem advisable for carrying out the purpose of this chapter.

§ 332-4 Removal of trees and stumps; replacement of trees.

A. All dead, hazardous and infected trees in the public right-of-way will be removed by the City at the expense of the City. All other trees in the public right-of-way shall be removed at the expense of the owner of the abutting property. If trees are removed by the owner of the abutting property, he shall cause all stumps to be removed and the area cleaned of all branches, leaves and other debris. If such is not done in a manner satisfactory to the Tree Committee, the Committee may order the Director of Public Works to do so and may charge the expense to the abutting property, pursuant to § 66.0627, Wis. Stats.

B. If a tree is removed from a tree lawn less than six feet wide, a tree will be provided by the City at 50% of the municipal cost to property owners and will be planted on the property owner's front lawn, providing that the Public Works Director determines that the property has sufficient front yard space to accommodate a tree. All municipally provided trees shall become the full responsibility of the property owner.
